

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC APPLICATION OF ATMOS)	
ENERGY CORPORATION FOR AN ADJUSTMENT)	CASE NO.
OF RATES AND TARIFF MODIFICATIONS)	2017-00349

COMMISSION STAFF'S THIRD POST HEARING REQUEST FOR INFORMATION TO
ATMOS ENERGY CORPORATION

Atmos Energy Corporation ("Atmos") pursuant to 807 KAR 5:001, is to file with the Commission the original in paper medium and an electronic version of the following information. The information requested herein is due on or before April 20, 2018. Responses to requests for information in paper medium shall be appropriately bound, tabbed, and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Atmos shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Atmos fails or

refuses to furnish all or part of the requested information, Atmos shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When filing a paper containing personal information, Atmos shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to Atmos's responses to Commission Staff's Second Request for Information ("Staff's Second Request"), Item 18.b. Commission Staff's Post-Hearing Request for Information ("Staff's First Post-Hearing Request"), Item 3, Attachment 1, and Commission Staff's Second Post-Hearing Request for Information ("Staff's Second Post-Hearing Request"), Item 1.c. Atmos has provided inconsistent dollar amounts and program mileage for 2018. Confirm the correct dollars and mileage for 2018, and cross-reference to the other responses provided.

2. Refer to Atmos's response to Staff's Second Post-Hearing Request, Item 2.a. The response did not include the calculation that supports the completion estimate as requested. Provide the percentage complete estimate using the following formula:

$$(2011-2017 \text{ PRP Actual mileage} + 2018 \text{ Estimated mileage}) / \text{Total}$$
$$\text{Program mileage} = 42 - 45 \text{ percent.}$$

3. Refer to Atmos's response to Staff's Second Post-Hearing Request, Item, 2.b. The estimated total spending identified in Atmos' response to Staff's Second Request, Item 18.b. for 2018 through 2025 was an estimated \$517.8 million versus

\$178.3 million actually spent between 2011 and 2017. Provide a complete, comprehensive explanation of how the 2018–2025 spending was developed and reconcile to the remaining Pipeline Replacement Program (“PRP”) estimated miles to complete.

4. Refer to Atmos’s response to Staff’s Second Post-Hearing Request, Item 3.a. This answer is non-responsive. Provide the project listings identified in Atmos’s response to Staff’s First Post-Hearing Request, Item 5, segregated by 2019 and 2020-2022, with totals for costs and mileage, as requested.

5. Refer to Atmos’s response to Staff’s Second Post-Hearing Request, Item, 3.b. The project listing provided does not include a total mileage amount nor does the sum of the dollar totals correlate to the \$45.181 million total PRP spending for 2018 that was provided in Atmos’s response to Staff’s Second Post-Hearing Request, Item 1.c. Provide 2018 total mileage that corresponds to the projects listed and confirms the correct spending for the 2018 PRP program.
